### Daniels Sports Shop Gets Notice In Magazine

Frank W. Daniels, popular Torrance Ration Board chief during the war and former big league baseball star, received nationwide publicity upon the opening of his new sporting goods store at 117 S. Elena ave., Redondo Beach, recently.

The Sporting Goods Dealer, national magazine for the sporting goods trade, carried a picture of the store together with a reprint of the Torrance Herald article announcing the opening.

All in all, it was a good fifth page in the magazine to the store, which carries leading lines in all sporting goods, including A. G. Spaulding and Bros., W. J. Voit Rubber Corp., Evinrude Outboard Motors and others.

### Miss Vogleson Retiring As County Librarian

After 30 years of county government service, Helen E. Vogleson, County Librarian, yesterday tendered her resignation, effective next Jan. 1, to the Board of Supervisors.

She had jurisdiction over the Torrance and Lomita Libraries which are branches of the county system.

Miss Vogleson, who plans to retire when her service ends, began her career in the library on Dec. 26, 1916. She became assistant librarian in 1919 and was appointed chief of the department Sept. 22, 1924.

With 133 branches, the library now contains 1,026,216 volumes, with 154,735 registered book borrowers. It is second in size only to the Los Angeles Public Library.

### Torrance Woman Hurt As Son Is Killed In East

Mrs. Harriet Gregory, 67, of Torrance, Wednesday suffered head and knee lacerations in an automobile mishap in which her son, J. T. Hendon, 50, of Long Beach, was killed.

Their car plunged off the road and hit a telephone pole about 35 miles west of Springfield, Missouri.

Also injured were Hendon's wife, Maude, 49, and Mrs. Juanita Underwood, 30, of Los Angeles. They were on their way to Kentucky.

### High School At Beach To Get New Auto Shop

Huntington Beach Union high school has received authorization from the Civilian Production Administration to construct a \$34,000 building at 1905 Main st. for teaching automobile mechanics, proper driving and to relieve overcrowding, according to word from Louis M. Dreyes, regional director of Los Angeles.

Huntington Beach high school already has one of the finest automobile shops in any California school. Each student of auto shop has his own motor to tear down and rebuild during the auto shop course.

In addition, Huntington Beach, which is being studied as a model for the proposed new Torrance Senior high school, which will come only after adoption of the City Charter Aug. 20 and election of the Torrance Board of Education, has two swimming pools and many other advantages denied to Torrance high school.

### Urge Vote On Proposition 1 For Veterans

With the slogan "Homes and Farms for Veterans," plans for a state-wide campaign to get out the votes in favor of Proposition No. 1 at the November elections were being formulated this week.

Under the chairmanship of Ed W. Bolt, the Veterans' Home and Farm Committee held an organization meeting in San Francisco over the weekend, with delegates from all parts of the state in attendance. Personnel of the group is little changed from that of 1944, when a similar state proposition was carried by an 11-1 majority.

Proposition No. 1 this year offers a \$100,000,000 state bond issued to finance farms and homes for California veterans on favorable terms of extended payments and low-cost insurance. Soundness of this type of financing, as administered by the State Department of Veterans' Welfare, is proved by the fact that smaller previous issues never have cost the California taxpayer a penny, all the loans being on a healthy financial footing.

#### RICH IN MINERALS

The state of Illinois is rich in mineral products. The state now ranks fourth in the production of petroleum, and number one among its other mineral products natural gas and gasoline, coal, clay, limestone, sandstone, fluorspar, lead, cement, zinc, pig iron and coke.

# THE MASS MEETING

## YESTERDAY

### 2 P.M. WEDNESDAY, AUGUST 7TH

at the

# Wilmington Bowl

ANSWERED THE BURNING QUESTION OF THE HOUR WITHOUT MINCING WORDS BY MEN WHO KNOW THE ANSWER TO THE QUESTION.

## "SHALL THE COMMUNIST PARTY BE PERMITTED TO TAKE OVER THE LABOR MOVEMENT IN AMERICA?"

# "No! A Thousand Times No!"

Yet there is a definite move in this direction—a move by Communist party leaders to disrupt the organized labor movement—and take over lock, stock and barrel.

Because we are fully aware of this great danger to the labor movement, to the people and to the United States of America, the American Federation of Labor, in conjunction with the California State Federation of Labor, Long Beach Central Labor Council, San Pedro-Wilmington Central Labor Council and affiliates, sponsored a Special Mass Meeting at 2 p. m., Wednesday, Aug. 7, at Wilmington Bowl for all members of the American Federation of Labor in the Harbor area, Long Beach and vicinity. Principal speakers were Harry Lundberg, President of the Seafarers' International Union; C. J. (Neil) Haggerty, Secretary, California State Federation of Labor; Daniel V. Flanagan, Western Director American Federation of Labor, and Dave Beck of the Teamsters International Union. This was not a mass meeting against employers, it was a mass meeting to preserve the dignity of the American Federation of Labor, a mass meeting to preserve the American standard of living, a mass meeting to combat any and all attempts of subversive foreign elements to destroy the Great Freedom that is America's—a freedom earned through blood, and sweat, and tears on battlefields at home and abroad.

**SAN PEDRO - WILMINGTON CENTRAL LABOR COUNCIL.**

**Cecil O. Johnston, Secretary.**

Stores closed, shipyards, lumberyards and canneries shut down from 1 P.M. to 5 P.M. for this great mass meeting. It is now or never. We must heed the dangers ahead. Curb this growing menace called Communism or forever hold our peace.

### Harbor County Hospital Is Dedicated

The County Harbor District hospital in Torrance was officially dedicated at ceremonies last Thursday at 10 a. m., participated in by various county officials and Torrance representatives.

Supervisor Raymond V. Darby proclaimed the hospital as a county unit on behalf of the Board of Supervisors, and declared the acquisition of the hospital as an important accomplishment of his administration.

The 500-bed institution was built at the expense of more than \$2,000,000 by the United States Army for the Los Angeles Port of Embarkation as a station hospital. It assumed a general hospital atmosphere for patients from the whole area from Santa Monica to Orange County were cared for at the unit.

Valuable equipment and furnishings were left by the Army for county use, and patients are being transferred to the institution daily from the Los Angeles County general hospital.

J. E. Smits, superintendent, said that the patient load now is approximately 80, and that personnel totals 150. Nurses are needed, he declared. Emergency service for this area will not be set up for the present, according to Smits, but in the near future the hospital will be equipped to handle accident and similar emergency cases.

### Valuable Glove For Homer Over Left-Center Fence

When those heavy hitters approach the plate in the Southern California Baseball tournament in Torrance ball park, which features 30 nights of continuous play, that ball which might be sent over left-center field fence will mean a new \$12.50 "Joe DiMaggio" glove to the player making the home run.

The prize is offered by Frank W. Daniels, former big leaguer who operates Daniels Sports Shop at 117 S. Elena ave., in Redondo Beach. He says right field is "out"; the homer over the long stretch counts.

### 140 Torrance Area Boys Go To "Y" Encampment

Tuesday morning at the early hour of 6 a. m., 140 fellows left the Torrance Y.M.C.A. on chartered buses to spend a week at Camp Round Meadow. This outdoor mountain experience will include all the activities varying from archery and horseback riding to mountain climbing, sports and swimming. The young men who will be in charge of the camp program and act as the counselors for the 19 cabins include 9 returned-veterans, all fellows who have had previous experience with youth work. They are: Jim and Sunny Post, Phil Hoffman, Bob Leach, John Agapito, Paul Brett, Ken Merrill, Bob Maxfield, and Pete Zamperini. Other counselors include: Mr. Ellsworth Brown, Bernard Lee, Darrell Comstock, Leroy Swank, Stewart Cooks, and L. Dudley.

An interesting cosmopolitan program has been arranged for the Sunday Chapel, when three Chinese students who have been sent to America to study special processes in American industry, and for the past year have been training at the National Supply, will tell their experiences here and abroad. These three, T. M. Wu, T. L. Chang, and H. C. Tung, were sent by the Chinese Government as three of the most brilliant, promising graduates in the industrial field.

The camp is under the direction of Ted Meier, Torrance Y.M.C.A. executive.

### Greyhound goes to ALL THE EAST...ALL THE WAY

GREYHOUND offers an amazingly convenient service to anywhere in the East! You can go all the way and back on one round-trip ticket, without once changing to any other transportation system. What's more, Greyhound actually gives you more for your money...at less cost than any other way to travel. You get a wider choice of scenic routes, more daily schedules, better-timed departures. Go one way, return another, if you like...at no extra cost. Round trip tickets save 10%. Your local Greyhound agent will gladly help plan your trip.
